LIQUOR ENFORCEMENT & EDUCATION OUTREACH GRANT
CUB (COVERT UNDERAGE BUYER) PROGRAM

In an effort to curb the sale of liquor to underage persons, the Covert Underage Buyer (CUB) program was instituted in June of 2003. This program provides the resources necessary for DLLC to investigate reported complaints of liquor licensed businesses suspected of one or more underage liquor law violations. When DLLC has reasonable suspicion that a liquor-licensed establishment is selling liquor to underage customers, the agency will send in a covert underage buyer, or CUB, to attempt to purchase liquor. The CUBs are between the age of fifteen (15) and nineteen (19), and are carefully trained by DLLC investigators to understand and follow state laws, including DLLC's CUB investigations guidelines. DLLC provides CUB program training to all Arizona law enforcement agencies, allowing the program to operate statewide.

DLLC conducted investigations of nineteen (19) liquor-licensed establishments using four (4) CUBs. Seven (7), or thirty-seven (36.8%) percent, of these establishments sold alcohol to a (CUB) resulting in ten (10) criminal and twenty-six (26) administrative violations. All nineteen (19) locations were investigated in response to complaints received by DLLC.

DLLC saw a decrease of thirteen (12.5%) percent in the number of establishments that sold to CUBs compared to the previous month, June 2012 (8). There was a thirty (30.0%) percent decrease in the number of establishments that sold to CUBs when compared to June 2011. To date in CY 2012, thirty-five (35.4%) percent of establishments investigated sold to CUBs.

Since the inception of the program, three thousand seventy-nine (3,098) establishments have been investigated and nine hundred forty-three (943) or thirty (30.4%) percent have sold to CUB buyers resulting in two thousand two hundred fifty-three (2,253) administrative violations and one thousand eight hundred seventy-four (1,874) criminal citations.

TRACE (TARGET RESPONSIBILITY FOR ALCOHOL CONNECTED EMERGENCY)

The TRACE (Target Responsibility for Alcohol Connected Emergency) program began in June 2004 to develop a system of effective and rapid communication between local law enforcement and emergency medical services (EMS) personnel in high-profile cases which involve underage drinking. Each TRACE case is concluded only when the source of liquor is traced back to the supplier and the supplier is charged with a criminal and/or administrative violation.

TRACE is a statewide operation with one (1) full time investigator available for immediate response to alcohol-related emergencies which involve an underage person(s).

SUCCESS STATISTICS LIQUOR LICENSE AUDITS

The Audit Unit monitors and performs audits of two types of liquor-licensed establishments; hotel/motel with restaurant (series 11); and restaurant (series 12). Audits are conducted to ensure that restaurants are not operating as bars and are maintaining a 40:60 food-to-liquor sales ratio which is required by Title 4.

Currently there are one hundred sixty-four (164) active Series 11 (hotel/motel) licenses and three thousand two hundred twenty-five (3,225) active Series 12 (restaurant) licenses statewide. Compared to July 2011, the number of hotel/motel with restaurant licenses has increased by four (4) licenses or three (2.5%) percent and the number of restaurant licenses has increased by fifty-three (53) or two (1.7%) percent.

DLLC employs two (2) fulltime auditors. With a total of three thousand three hundred eighty-nine (3,389) restaurant-type licenses combined, the statewide auditor-to-liquor license ratio is 1:1,695.

In 2006, A.R.S. §4-213.C introduced the "continuation license" (commonly referred to as the "Grill Bill") into state liquor law. The continuation license, at a cost of \$30,000, allows restaurants that have not met the required 40:60 food-to-liquor sales ratio during the last 12-month period the option of continuing to operate with a food-to-liquor sales ratio below restaurant requirements. Since the 2006 introduction, fees collected from the issuance of fourteen (14) continuation licenses total four hundred twenty thousand (\$420,000) dollars. In FY 2013, zero (\$0) dollars were collected from the issuance of continuation licenses.

The department collected revenue for audit-related violation fines totaling six hundred twenty-five (\$625) dollars and audit fines assessed from violations totaled ten thousand nine hundred fifty (\$10,950) dollars. Compared to July 2011, total fines collected decreased by eighty-two (81.5%) percent and total fines assessed increased by one hundred fifty (150.3%) percent.

SUCCESS STATISTICS COMPLIANCE

The Compliance Unit governs the dispute-resolution process and imposes disciplinary actions against licensees for violations of State liquor laws. The Compliance unit is responsible for determining an appropriate course of disciplinary action which may consist of verbal or written warnings, consent agreements, or referral for a full administrative hearing.

Economic Impact:

Fines collected totaled thirty-seven thousand three hundred fifty (\$37,350) dollars from thirty-seven (37) adjudicated compliance actions. Compared to last month, June 2012, this represents a one hundred and eleven (111.3%) percent increase in collected revenues and a ten (10%) percent increase in the number of compliance actions processed. Compared to July 2011, this represents a seventy-three (72.7%) percent increase in collected revenues and a twenty-eight (27.6%) percent increase in the number of compliance actions processed.

A penalty fine payment plan gives licensees the option to pay fines in installments rather than in one lump sum. DLLC and the licensee agree to the terms of the payment plan during a negotiation process. Although the payment plan may reduce DLLC's monthly collection of fine revenues in the short term, the long term outcome is intended to keep establishments in business by easing the financial burden of fines during the current economic decline.

WHAT'S NEXT AT DLLC? Upcoming Events and Milestones

eLicensing

DLLC's eLicensing Information System (ELIS) is being developed in collaboration with ASET and NIC/CAVU-IDS. Per the revised Project Plan, the department conducted functionality training for the implementation of the department's e-licensing system this month. ELIS, a web-based application, will replace DLLC's sixteen (16) year old licensing system which has served the agency's staff and stakeholders.

Proposed Rulemaking

Immediately prior to the January 2008 Regulatory Review Plan Moratorium, DLLC submitted a complete rules rewrite to the Governor's Regulatory Review Counsel. In August 2010, DLLC requested an exemption to the moratorium. In response to that request, the Governor's Office requested that DLLC ensure that no financial burden was imposed on the alcohol beverage industry and there was industry collaboration and support. The department has held several meetings with industry leaders in an effort to solicit comments and input regarding the proposed rules. Since that time, a final version of the proposed rules has been in-process. The department submitted a Notice of Proposed Rulemaking package, including an exemption to the moratorium and industry-members letters of support, to the Governor in February 2012.

Legislation

Liquor Omnibus Bill HB2606 was signed by the Governor on May 11, 2012 and is effective on August 2, 2012. DLLC is revising policies, procedures, and public information to accurately reflect newly introduced and revised liquor statutes.

Liquor Industry Forums

DLLC continues to conduct liquor industry forums throughout the state. These forums are open to the public and provide information regarding the department, enforcement, changes to Title 4 liquor laws, rule making, new liquor products in the industry and provide an opportunity for open discussion. Upcoming forums are schedule to be held in Scottsdale, Show Low, Cochise County and Lake Havasu.

Title 4 Training Workshops

Private sector businesses provide mandatory and elective Title 4 training to licensees and their staff pursuant to A.R.S. 4-112(G)(2), R19-1-304 and R19-1-105. This training industry is regulated by DLLC. To assist training providers with accurate information on new legislation is incorporated into training materials and to reiterate the importance of meeting the required standards for training course content, DLLC held two Title 4 Training Provider Workshops during the month of July.

END OF DLLC JULY 2012 REPORT TO THE GOVERNOR
